WINTER BY THE LAKES 2 – Race Report

It was a chilly and calm start to the day as the sun was rising over Champion Lakes this morning. Early riders were fortunate to get their rides complete before the wind came in. By the end it was quite solid and not offering much assistance on any leg of the course. A total of 8 PBs were set, so clearly some found the conditions suitable.

Welcome to the new riders who had their first try at an ATTA TT event, hopefully you enjoyed the experience and will be back to join us again at future events.

Jennifer Davis set a new course record for the recently introduced female road bike category with a time of 32:24.8 taking almost a minute off the previous record. Sean's record for the male road bike category set at Winter by the Lakes 1 remains intact.

Of the 20km crew Alec Vukovich had the fastest ride today, closely followed by Matheos Venetis with Jennifer Davis the fastest of the females on her road bike. Lachlan El-Ansary was fastest of the Juniors (and 19th overall), while his dad was out completing a 40km ride. There were 12 junior riders participating today, spread across 3 of the 4 distance options.

Thanks to the volunteer team who assisted at today's event. Karl McIntyre towed the trailer, set out the signs and handled the bridge crossing before packing everything away again; Gwyn Williams (and friends) managed the desk; Steff van Amerongen was starter assisted by Daisy Oates; Darren Gilbert and Sam Tennent's father were stationed at the residential area; Teagan Sonogo was at the course exit keeping walkers off the course; Steve Oates was Focal Point and David Equid again handled the entries and timing system for the event.

Next event, The Pairs 2 at NorthLink on 06 August.
