It was a very small field but everyone was met with cool conditions for the start out at Chidlow Wundowie, with just a gentle wind to push against on the first leg out to Wundowie. The road surface certainly hasn't got any better beyond Wooroloo and it makes for a challenging time trying to find a comfortable and stable line. In the Women's field Sophia Sammons was first over all, just 38 seconds slower than Els Visser's course record, followed by Emily Mascaro-Anderson and Marion Mundt in 3rd and for the Men's field Jarred Anderson was first overall followed by Adam Maccan and Matt Burton in 3rd. Finally, a big thank you to our volunteers who made this event happen, Teagan Sonogo greeted everyone at the desk while John Sonogo did several gopeher runs between the start and desk areas, Megan Stalker set everyone off as starter, Mick Brammer kept the traffic in check at the roundabout, John Andrews looks after the intermediate timing at the turnaround point and Darren Wright set up the course and packed it up afterwards. Mouse provided his usual flawless support in the background! Our next event will be out at NorthLink PSP for the 80km event on the 24th of March.
