-	28	Darren Wright	50-59M		DNF	DNF				

## NORTHLINK PAIRS 2 – Race Report

Once again it was chilly at the start/finish, even as the sun was rising. The finish flag never moved for the duration of the event and apparently there were similar conditions out on the course.

Apologies and thanks to those riders who followed the direction in the Start Instruction email and U-turned at the orange cone. Those familiar with the NorthLink course will realise that it was ~100m further north than usual, sorry for the confusion and hopefully you enjoyed the extra distance.

After today's event we have new Course Records for the Male Pairs – Matheos Ventis and Alec Vukovich, Male Pairs Road – Sean Ralph and Lee Bolden, Mixed Pairs Road - Mikayla Smith and Kyle Ernst, and Female Pairs Road – Sophia Salmons and Savannah Coupland. There were also 3 solo riders who established new PBs for the course.

There was a disappointing number of late arrivals at the start today which adds to the stress and confusion at the line. It is the rider's responsibility to be at the start and ready to ride in advance of their allocated start time. Remember that under TT rules, the clock starts at your allocated time whether you are there or not.

Thanks to the volunteer team who assisted at today's event. Simone Wright managed the desk at the school, John and Mala Andrews took care of the northern U-turn, Kim van Amerongen was focal point and David Equid handled the entries, acted as starter and ran the timing system for the event.

Next event, The Panther on 19 August at Langford Park, Jarrahdale. This is our annual offroad TT for MTB or gravel/CX bikes.
