It was a Boxing Day welcome to Kings Park this morning, with riders greeted by the predicted westerly breeze to blow away any cobwebs from their Christmas celebrations. It isn't clear if this was beneficial to times; eight riders posted PBs, which was almost twenty percent of today's starters.

Matt May topped the results table. Findlay McRobbie's PB made him the fastest junior, and Sophia Sammons PB made her the fastest female. Scott McDowell and Lauren Humphreys (another PB) were the fastest in the road bike category, and Paul Borrett the standards. Marion Mundt still tops the EB points table. PBs were also recorded by Miles Price, Harvey Patterson, Nikki Pursell, Mark Radziejewski and Toby Price.

Paul Borrett once again took care of course set-up and pack up. Amy Currie from the 4F team greeted you before and after your ride. Iain Dow joined our rank of starters to set you on your way, with Ian Davies providing assistance across the road. Steve Oates looked after Race Roster, sorting the start list, timekeeping and the initial results, with David Equid pulling the final results list together. Mouse provided his usual assistance in the background, taking care of records and providing data to support our results and report writing. Mick Brammer once again looked after the city end of the course and Stuart Gee keeping strays of the course at the Subi end. Thank you to all our volunteers.

As usual, results are posted on the website <https://www.atta.asn.au/s/Results-Early-Bird-6.pdf> and the BIP points summary is available at [https://atta88.au/parkbirds/BIPpoints24\\_summary.pdf](https://atta88.au/parkbirds/BIPpoints24_summary.pdf)

We are all back at Kings Park again next Tuesday morning for our first TT of 2024. Registrations will remain open until 6pm on Saturday <https://raceroster.com/events/2024/79291/early-bird-7> We also will need a starters assistant and someone to look after the Subi end of the course. We cannot run our events without volunteers, so please assist if you can.

John and Mouse
