Race Report Hilly Classic 6 – Gidgegannup C

Thankfully the rain that was originally forecast to be in the morning held off and we were pleasantly presented with mild temperatures and low wind conditions making for some good times, with 10 of the 31 starters getting a PB including a staggering 5:56 PB by Marion Mundt who set a new Women's record. The fastest time today came from Mark Chong who proved that you can ride a CX bike in a time trial without too much of a handicap. Paul Borrett celebrate his 50th ride with ATTA with a PB of 2:15. Another impressive effort by our 2 HC riders Neil and Richard, a few hills didn't deter them from completing today's event.

David Equid once again handled the entries, start lists, the timing system as well as his ride before sorting out a few post event complexities. Chloe and Cheryl Dal Passo managed the desk at the primary school, Angie McRobbie was cheerful as always as your starter, Ian McRobbie saw everyone safely through the Reserve / Berry intersection, with John and Mala Andrews covered the U-turn and the intermediate timing. Troy Wainwright towed the trailer and was out before daybreak to sign the course with Sue Challen effortlessly taking care of BWTM.

Our next event is on April 23rd back at Wandi for the AusCycling U19/Elite/Masters State ITT Championships as well as our concurrent ATTA 25km/40km ride. Registration is available as usual on our web site calendar. We currently have no volunteers for the Wandi event, no volunteers for the 160km ATTA Club Championships on May 7th and no volunteers for Season Close at Wandi on May 21st. Please put your hand up if you, a family member or friend can assist as it will mean the difference between these events running or being cancelled.
